

*Patient Centered Services
Home Health*

We are a locally owned agency, in business since 1995. Continuity of care is a planned result of our staff working closely and efficiently together. We operate as a medical family and extend that to our patients. We are a well trained, caring, faith-based home healthcare agency and our nurses are continually training in order to provide up to the minute medical services and seamless care.

Ask About Our Therapy Dog!

"I use PCS Home Health without hesitation to work for my patients as my care partner."

– Dr. Andrew Minigutti

Why PCS Home Health Care?

You should consider Home Health services after a hospital stay, a major illness or surgery. A PCS registered nurse is available to answer your questions and concerns 24 hours a day, 7 days a week. Our staff meets the strictest standards of professional competency.

- License, certification and health verification
- Complete reference checks
- Comprehensive testing and up-to-the-minute skills and screening
- Assessment of interpersonal skills
- Assessment of communication skills
- Close attention is paid to the chemistry between the client and the home care professional for compatibility and client satisfaction
- Each one of our staff is caring and dedicated to the delivery of your in-home care

Please call for a free in-home assessment. Our staff will develop a personal care plan that will maximize your safety and independence.

The advantages for patients receiving healthcare services at home are numerous. PCS provides many exceptional services, including:

- Wound care, including V.A.C.
- Diabetic services
- Chronic disease management and education
- Medication monitoring
- Skilled Nursing
- Infusion therapy
- Care for heart patients
- Immediate PT/INR results available for physician
- Care for stroke victims
- Pain management
- Customized programs for your surgical needs
- Home health aide

Therapy

Therapy is an essential part of your recovery. We can provide therapy services in the comfort of your own home.

- Physical therapy
- Occupational therapy
- Speech therapy
- Medical social worker
- Coordination of medical supplies and equipment

Licensed & Certified by Medicare

You pay zero out of pocket for your home health visits when Medicare is your primary insurance. We do all of the billing, therefore you are able to concentrate on your recovery. Medicare will pay for home health care visits if:

- Services are ordered by your physician
- The client is homebound. This means you are normally unable to leave home and that leaving home is a major effort. When you leave home, it must be infrequent, and for a short time. You may attend religious services. You may leave the house for medical treatment and/or appointments
- Services must be intermittent and medically reasonable, and show an improvement in your condition
- The home health agency caring for you must be approved and certified by the Medicare program
